

***“Develop a passion for learning. If you do, you will never cease to grow.”***

The summer assignment is a valuable opportunity for the learners to engage in meaningful experiences during the break. It encourages the learners to explore new topics, reinforce previously learned concepts, and develop essential skills such as **critical thinking, creativity, and time management**. By completing summer assignments, the learners can stay connected to their academic pursuits, build confidence, and return to school refreshed and prepared for new challenges. Overall, the summer assignment is a constructive way to bridge the academic gap and foster a love for lifelong learning.

**Guidelines:**

- The creative assignments for all the subjects are to be done as per the given instructions.
- It must be done in a very neat and presentable manner.
- Unleash your imaginative potential by presenting your ideas in a visually striking way that captivates attention and engages the senses.
- Let your creativity shine through in a bold and memorable format that draws people in and leaves a lasting impression.
- Your assignments will be showcased in the exhibition.
- The assignments should be completed according to your respective Roll Numbers.
